

## ***inno-train's Partner for USA***

**January 2017, inno-train Diagnostik GmbH, Germany and Hemo bioscience, Inc., USA started a cooperation for providing inno-train's products to the US market. Hemo bioscience supports the entire logistics in shipping and invoicing.**

inno-train is a manufacturer and supplier for the transfusion and transplant market. The focus is on molecular human blood group, platelet and HLA-typing. Our TaqMan-based FluoGene technology facilitates a very easy and safe molecular typing within only 90 min. As an internationally operating company we are certified in accordance with DIN EN ISO 13485:2012 and we are happy to expand our activities in the USA by the cooperation with Hemo bioscience.
